July...A Month to Pause and Give Thanks

By Mayor Mike Peterson

July is a busy and event-filled month. We celebrate the birth of our nation on the Fourth of July and Pioneer Days on the 24th. Additionally, our young city celebrates Butlerville Days on July 23 and 24.

I was reminded recently by one of our residents that as we celebrate with parties, barbecues and vacations, it would be nice if we would stop and remember some of the sacrifices our forebears and current military veterans made that allow us to enjoy these activities.

voted on July 2nd). The Continental Congress declared the 13 American colonies a new nation — the United States of America — and no longer part of the British Empire. This action by these incredibly brave men was considered an act of treason by the British and punishable by death. The Revolutionary War gave our new nation the first American military veterans. Many veterans from later wars, including World War II, the Korean Conflict, the Vietnam War and the Cold War, live right here in our city as our neighbors, making valuable contributions to Cottonwood Heights in many ways.

September	Arts Show @ City Hall
Sept. 15	Bark in the Park @ Mountview Park – 10 a.m.

'Big the Musical' Comes to CH

The classic 1987 motion picture fantasy bursts onto the stage in an unforgettable theatrical experience. "Big The Musical" is a perfect show for audiences of all ages!

Josh Baskin is sick of being an awkward kid. At a carnival, he makes a wish to the Zoltar machine to become "big." His wish is granted, and after an understandably awkward beginning, Josh is forced to do "adult" things, like getting a job and a girlfriend. In the end, he discovers that there's much more to being an adult than he bargained for and learns that

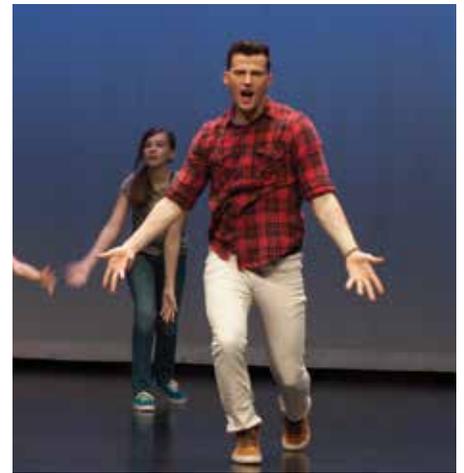

we must all grow up at our own pace, in our own time.

Complete with Zoltar, a giant floor piano and lots of high energy singing and dancing, Big is a family-friendly smash-hit that is full of fun!

Show dates are July 27, 28, 30, Aug. 2, 3, 4, 6 and will be presented at Butler Middle School (7530 S. 2700 East).

Tickets are \$10 and can be purchased at the door or at Cottonwood Heights City Hall.

Online tickets will be available at arts.ch.utah.gov. ■

LINK, SALT Dance Excellence

Several dancers from around the country came to Cottonwood Heights in May to share their talents. The dancers performed during two concerts at Butler Middle School. ■

July 2018 Featured Artist: Merrill Harward

Merrill Harward has been interested in painting for several years, and after retiring in 2016, he decided to give it a try. "I paint scenes from my travels and things that interest me. I also paint people when they agree to have me reduce their likeness to a piece of paper." Mr. Harward's professional life includes his work in aerospace, investments, government and consulting. He is married and has five children, all daughters. ■

Pause and Give Thanks
continued from cover

veterans are all volunteers. For two generations, no American has been obligated to join the military, and few do. Less than 1 percent of today's American population has served on active duty. I'm a proud father of a son who served overseas for several years, and a nephew

"Please, when you see neighbors who served in uniform, thank them."

of an uncle who lost his life in the second world war. These sacrifices and multitudes of others give me pause and immense appreciation for those who have served and continue to serve our country.

Please, when you see neighbors who served in uniform, thank them. They will probably seem somewhat embarrassed and sheepishly say something like, "Thanks, I was just doing my job." We know that "job" allows us to not only enjoy July and the many fun activities but the privilege of living in one of the finest small cities in this great country, as well.

As Mayor of this wonderful city, I personally want to thank each of our veterans and their families for their sacrifice and service. It is my sincere desire as Mayor to help determine if there are needs of our veteran population that can be facilitated by our city. I feel that

this is one way, albeit a small way, that we can show our appreciation to our veterans

and their families. These families endure long separations and other hardships while their loved ones are deployed to faraway lands.

So, as we celebrate with family and friends, let's remember the men and women who have made it possible for us to enjoy freedoms, such as the ability for life, liberty and the pursuit of happiness — freedoms that many countries of the world do not enjoy and unfortunately probably never will.

Enjoy this wonderful month and be safe. ■

History Question of the Month

What Butler resident, when chided by family and friends for settling on a gravelly arid piece of property located in Butler, gave this prophetic reply? "You just wait and see, this country is going to blossom like a rose." ■

Answer on page 4

Summer 2018 Road Projects Update

Three major road improvement projects are coming during the spring, summer and early autumn that will significantly impact travel in and around Cottonwood Heights.

We ask for patience and assistance to allow these much-needed projects to move forward so that we can accommodate the needs of our residents, visitors and business owners. These projects are being performed in partnership with other stakeholders, including UDOT, Rocky Mountain Power, Salt Lake City Public Utilities and others.

Here are the updated projects that will affect traffic in the coming months:

2700 East Resurfacing

This project involved complete reconstruction of the road directly in front of Butler Elementary and Butler Middle School, along with a complete overlay on the rest of the street. The project includes the entire street between Fort Union Boulevard and Bengal Boulevard.

The project began on June 19 and will be completed before Butlerville Days on July 23-24. There will be closures and single-lane traffic for several days. Please plan accordingly.

Fort Union Boulevard Resurfacing

This is actually two projects that will involve resurfacing of the street from 1300 East, all the way to Racquet Club Drive near Wasatch Boulevard.

The road will be resurfaced with a chip-seal layer from 1300 East to 3000 East. **The project began on June 20.**

From 3000 East to Racquet Club Drive, Salt Lake City will repair the damage done from new water and sewage lines that were installed in 2016 and 2017. This project will begin in mid-summer and is expected to last from six to eight weeks each. We do not anticipate that both projects will overlap.

Highland Drive/Fort Union Boulevard Intersection Expansion

This expansion will add an extra left turn lane in all four directions (two left turning lanes, instead of one). During 2016 and 2017, the city purchased property and moved large metal power poles and other utilities away from the streets to make way for some intersection widening. The project is expected to begin in late August and will last from six to eight weeks.

The estimated time frames and duration of projects are subject to change. We appreciate your patience and understanding as we improve transportation in our city. ■

CH History Book on Sale Now

The long-awaited book by Allen Roberts titled "City Between the Canyons: A History of Cottonwood Heights, Utah, 1849-1953" is available for purchase. This book will be of interest to every resident of Cottonwood Heights. To use the words of our first Mayor, Kelvyn H. Cullimore Jr., "Understanding the history of our community links us to those who were instrumental in settling the area and who sacrificed so much that we might live the comfortable lives we do today. We can take immense pride in those who are our community ancestors and the work they did to establish this area whether it was called Butlerville, Danish Town, Union, Emmaville, Poverty Flats or some other name. All these ancestors made their homes in the area we now call Cottonwood Heights, the City Between the Canyons."

Presale price: \$17 (order before July 14 – online only)

3-book package sale (After July 14): \$50

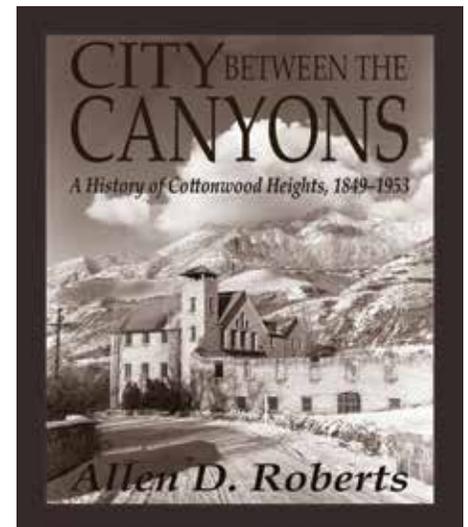

Regular book price: \$20 (this price includes taxes)

Books will not be available for pick up at City Hall until July 23.

Books will be available for sale at the Butlerville Days Celebration on July 23 and July 24 (\$20 each or 3 for \$50)

and...

There will be a book signing by the author, Allen Roberts, on July 24, 5 to 7 p.m. at the Historic Committee Display (south end of the park near the Classic Car Display). ■

Whitmore Summer Programs

Stop by the Whitmore Library before your summer vacation to stock up not only on books, ebooks and audiobooks but also check out travel guides and language resources. In addition to traditional books and CDs, your library card allows you access to Rosetta Stone and Mango Languages on your home computer, or download the app to your mobile device.

There's also still time to sign up for the Salt Lake County Library's Summer Reading Challenge, where "Libraries Rock." The reading challenge will finish July 31. And, come into the library to beat the heat with these cool programs:

For Families:

Dazzle Dogzz

We double-dog dare you to be entertained by this dancing troop of highly trained doggies.

For Kids:

Visual Art Workshop

Artists from Visual Art Institute will guide you in using markers, crayons and watercolors.

For Teens:

Library Escape Room

Try to solve the puzzles and escape the library!

For program dates and times, please visit slcolibrary.org/calendar or call 801-943-4636.

Answer

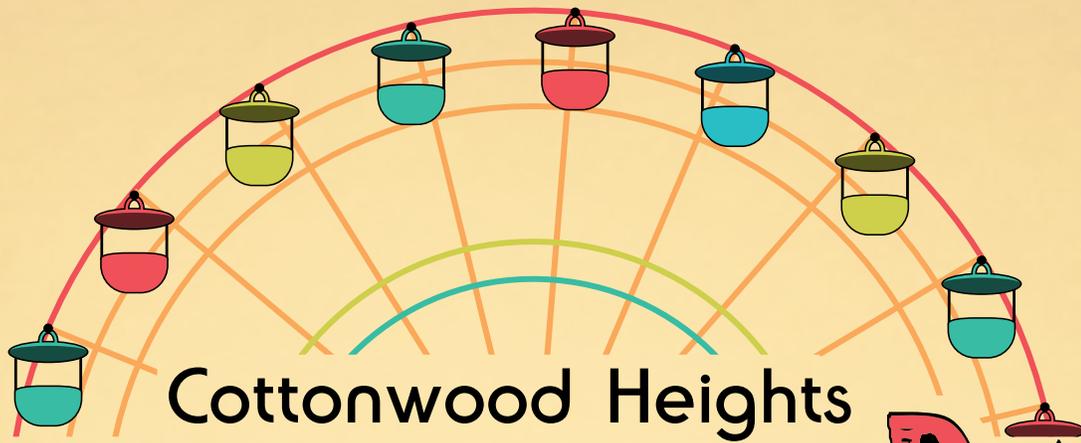

Question, continued from page 3

Charles Robert Wootton was born July 4, 1847, in Eaton Bray, Bedfordshire, England. He emigrated to Utah in the late 1860s and worked as a farmhand, logger and miner after trying to homestead parcels in Cache and Milford counties before settling in the Salt Lake Valley. In December of 1878, he married Esther Ballard and their first son, William C. Wootton, was born in November of the following year. In April 1880, they moved to a piece of property located on the top of Butler Hill on the north side of today's Fort Union Boulevard (between

about 2700 and 2900 East). He built a house for his family and began clearing the gravelly soil of boulders so he could plant crops. In the winter of 1881-82, he worked building the Deseret News' Cottonwood Mill. As part payment for his work, he received a team of mules.

Wootton turned his gravelly land into a place of beauty. In the mid-1890s, he built a large new home that became the showplace of the community. He was a faithful member of The Church of Jesus Christ of Latter-day Saints and was active in civic affairs. He served

as a trustee for the school district and several terms as road commissioner. He served as a convention representative for the People's Party and was elected Poundkeeper of the Butlerville Estray Pound in 1887. The Estray Pound was a place where stray livestock was brought to find the owner or to auction the animal when no owner claimed it. When the Brown and Sanford Irrigation Co. incorporated in 1900, he was one of the directors and served in that capacity for many years. ■

BUTLERVILLE DAYS

JULY 23-24, 2018

Butler Park, 7500 South 2700 East

Mayor's Message

One of the great honors I've had in serving as an elected official is the privilege of being involved in our annual Butlerville Days celebration. Through my associations with the Cottonwood Heights Recreation Center and later as a city council member, I have many fond memories of celebrations over the past 14 years.

This will be my first Butlerville Days since taking office as your mayor this year. It is an event that I look forward to with great anticipation as it has grown from a few booths and attractions into an occasion for bringing thousands of friends, neighbors, family members and community partners together. It's a chance to connect, get to know each other a little better, to laugh and to see the joy on the faces of our children and grandchildren as they feel the rush of a carnival ride or experience a sense of pride as the flag passes by during the Butlerville Days parade.

I hope you will enjoy this grand city tradition as I have, and make plans to return every year to share in the fun and build greater community bonds.

- Mayor Mike Peterson

Butlerville Days Fireworks

10 p.m.
Come and see the best fireworks show in the valley, presented by Lantis Fireworks. It's the grand finale to our Butlerville Days celebration.

You don't want to miss it.

Butlerville Days Parade

3 p.m.

One of the centerpieces of BVDays is the grand parade, that will be led by our parade grand marshal (see below). The procession begins at 3 p.m. in front of Butler Elementary School at the corner of 2700

East and Fort Union Blvd., and ends on Bengal Blvd. at the Guthrie Skate Park. Come take part in this family tradition and see all the floats, musical groups, classic cars, marching bands and community dignitaries.

Parade Grand Marshal

The Butlerville Days committee is proud to announce Gayle Conger as 2018's Parade Grand Marshal.

Gayle's ancestors were some of the original settlers of Danish Town, where she has lived her entire life.

As one of the founding members of the Cottonwood Heights Historic Committee, Gayle's contributions in preserving the city's heritage are priceless. Conger has spent thousands of hours mapping and collecting the history of the area and led the efforts to develop historic markers installed on the Big Cottonwood Canyon Trail. Recently, Gayle collaborated in creating the committee's history book about the first 100 years of Cottonwood Heights.

Gayle attended Butler Elementary, Union Jr. High and Mount Jordan Jr. High, and graduated No. 2 in her class from Jordan High School. Gayle also graduated from BYU and later became the first female manager of the engineering department at the phone company.

Thanks, Gayle – for keeping Cottonwood Heights a great place to live and for upholding our city's great heritage.

FREE FRUITY DRINKS –

5:30 p.m.

Make a Safe Plan in Using Legal Fireworks This Year

By UFA Assistant Chief Mike Watson

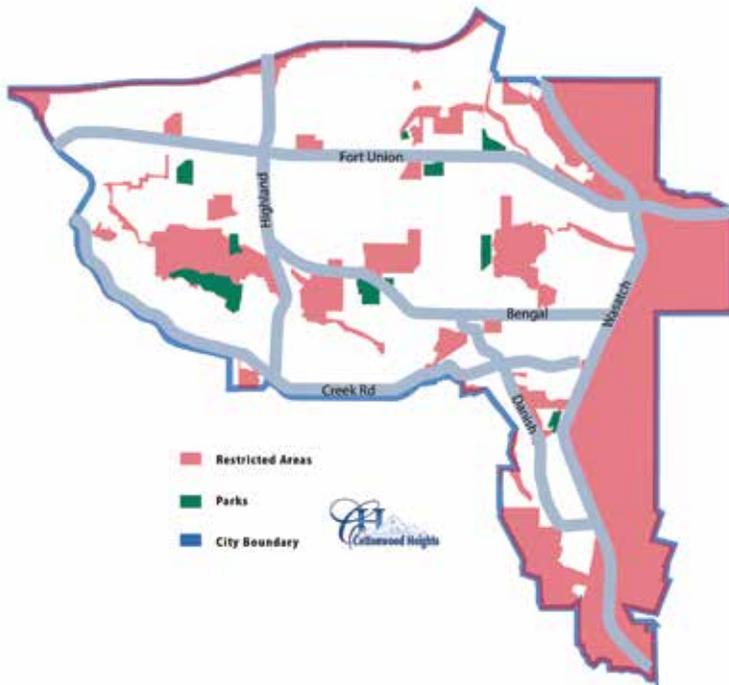

Due to the wet spring, native grasses and bushes have grown at a phenomenal rate. These "ladder fuels" can spread fire to taller bushes and eventually trees. This increases the potential this year for fires within areas that interface with the city. Most of the tall grasses have cured and dried out, meaning the smallest of sparks can cause a devastating fire in our foothills, on our mountains and in undeveloped areas within the city.

Fires caused by fireworks are half of the potential problem. Injuries are common and in most cases, are avoidable. According to the Consumer Product Safety Commission, the most-injured body parts caused by fireworks are: hands and fingers (36 percent), heads and faces (22 percent), and eyes (16 percent).

Please be responsible with the use of fireworks this summer. Take the time to make a safe plan for the use of legal fireworks and discuss fireworks safety with your children. Be sure to follow your plan if you use fireworks

Fireworks Restricted Areas 2018

on the 4th and 24th of July. This year, legal fireworks can be used two days before, the day of and the day after each of these holidays.

Cottonwood Heights has been very proactive with fireworks ordinances. The reasons for these ordinances are three-fold: The first is safety for all of our residents. Fireworks are fun, but they are not worth personal injury. Second is the threat to the urban-interface areas within and to the east of our city. The cost of such fires can be phenomenal. The third reason for fireworks ordinances is to promote understanding of where in the city fireworks are allowed or banned and what types of fireworks are legal.

Check Unified Fire Authority's website, http://www.unifiedfire.org/stations/fireworks_restrictions_map.asp, Salt Lake County's website, slco.org, and the displayed maps at fireworks vendors' locations to make sure fireworks are legal in your area before buying or using them. Let's all do our part to prevent injuries and urban-interface fires this summer.

Thanks, and stay safe. ■

Meet the Officer - Brayden Phelps

Brayden Phelps, one of the newest policemen on the Cottonwood Heights Police force, says it "runs in the family" to want to help the community. His father is a U.S. marshal.

One of the greatest things about his job, says Brayden, is the people he gets to work around. He is proud the Cottonwood Heights Police Department is known for its quick response to local residents.

Brayden played on the football team at Lone Peak High School and worked at Alpine Engineering and Design for a year. He has a

real estate license, loves to hike and camp, and ride his mountain bike. In October, Brayden married his wife Skylar, who aspires to be a teacher and is currently attending UVU.

We're glad to have Brayden on our team! ■

BHS Boys Tennis Team Wins State

The Brighton High boys tennis team won the 5A state championship with a lead of seven points over rival Woods Cross. "They played the very best tennis I have been able to get out of them," coach Natalie Meyer told the Deseret News about the team's performance in May. For the second year in a row, Brighton sophomore Redd Owen retained his crown as the 5A first-singles state champion. Go Bengals! ■

Butler Bobcats Honor Retiring Teacher

Butler Elementary retiree Casandra Mackris spent her entire 38-year career at Butler Elementary for which she was recognized by the Bobcat community with a plaque permanently placed on the school grounds. She says she leaves with her heart full of memories of children, their fearlessness and honesty, and how they still give her a hug no matter what the day has been like. ■

Brighton High Celebrates Graduation Success

One universal anthem seemed to be on everyone's mind at Brighton's graduation last month: change. In the spirit of the school's graduation theme, "Be the change you want to see in the world," as spoken by Gandhi, the Bengals expressed a readiness to face the future. "We made it to graduation and this means change," Brighton graduate Kathryn Cunningham told the audience. The Bengals' class of 2018 saw 36 seniors graduating with perfect 4.0 grade point averages — the highest number of the school's 49 previous graduations. Students received 211 scholarships ranging from \$200 to \$500,000, totaling just under \$7.2 million; 174 students received honors diplomas, and 188 received advanced diplomas. ■

2017 Customer Satisfaction Survey Results

Customers like WFWRD. According to its 2017 Customer Satisfaction Survey, the overall districtwide customer satisfaction rate is 96.3 percent, reflecting a 1 percent increase from 2016 survey results. The results from Cottonwood Heights showed a 96.5 percent satisfaction rate. A total of 10,000 surveys were mailed to residents at random and an online survey was open to any resident. A total of 2,800 surveys were received. ■

Fireworks Disposal

Wasatch Front Waste & Recycling District is reminding all residents that fireworks and fire pit/barbecue ashes must be completely cooled before placing them in waste cans. Smoldering fireworks or embers will melt the can and create a larger fire hazard. ■

Why We Continue to Recycle

There are many reasons to recycle, including:

Recycling is a Jobs Creator

Conservative estimates put five to seven sustainability jobs to every one landfill job. Some estimates even go up to a 13 to one ratio.

Recycling Saves Energy

When you choose to recycle your clean materials, you save energy. Every can, bottle and scrap of paper tossed into the recycling bin equals power not being used to mine, harvest

and extract raw resources. So far this year, district residents have saved enough energy equivalent to light 863 homes.

Recycling Prevents Pollution

Due to residents' efforts, over 11 million pounds of material has been recycled in 2018. Manufacturing with recycled materials creates less pollution when compared to using raw resources. That amount of pollution prevented via recycling is the same as not driving 59 million miles. ■

Business Spotlights

Profile® by Sanford® | 6913 S. 1300 East | Profileplan.net

Jana Oman | 801-699-4552 | janaoman.com

Buying a home, whether it's your first, or second, is a very exciting time! It's also filled with many questions. But

don't worry; that is why you team up with a Realtor like Jana. She's helped buyers find the best home to fit their needs. Her ability to connect with people, and fully understand their home needs, helps alleviate some of the stress involved in shopping around. From

first-time home buyers, to experienced home owners, Jana is able to accommodate your needs. As a resident of the City Between the Canyons, she is very excited to help her community with any real estate matter. ■

Cottonwood Heights Beautification Award Program

Do you or your neighbor have a beautiful yard? Fill out a nomination form for the Cottonwood Heights Landscaping/ Beautification Award. The program recognizes well-maintained and attractive landscapes in our communities. The city invites all residential homeowners to enter.

Yards are judged by the Cottonwood Heights City Council, with a winner selected from each

district. Additionally, you can nominate a commercial property for the Mayor's Award. Properties must be located in the city. Entries are due Friday, Aug. 24 at 5 p.m. Stop by City Hall (2277 E. Bengal Blvd.) to pick up a nomination form, or download a form online at CH.Utah.Gov. Winners will be announced in September. ■

Zombies Hit the Streets of Cottonwood Heights

Thank you to all the Cottonwood Heights businesses that sponsored the 2018 Zombie Family Fun Ride: Revive Sport & Spine, Title Boxing, Profile by Sanford, Heiden Orthopedic, The Dailey Method, Curves, Move Utah, Road Respect, Kaati Tarr, Bilingual Hypnotherapy, Molly Maids, Utah Gastroenterology and the Cottonwood Heights Recreation Center.
