1.0 **WELCOME/PLEDGE/ACKNOWLEDGEMENTS**

1.1 Mayor Cullimore opened the business meeting at 7:05 p.m. and welcomed those attending.

1.2 The Pledge of Allegiance was led by Alec Peterson, Troop 1422.

2.0 **CITIZEN COMMENTS**

2.1 No comments were received.

3.0 **PUBLIC HEARING**

3.1 **Consideration of a Proposed General Plan Amendment on Property located at 1638 East, 1642 East, 1648 East, 1680 East, 1690 East Fort Union Blvd; and 6943 South 1620 East from Low Density Residential to Neighborhood Commercial.**

3.1.1 Mayor Cullimore explained the General Plan process.

3.1.2 The applicant was not in attendance.

3.1.3 Bill James lives near one of the properties being proposed for a General Plan amendment. He attended the Planning Commission meeting and listened to the applicant's presentation. A number of the people in the neighborhood expressed concern about how the applicant purchased a home and tried to dress it up, but it did not find its place in the market. The neighbors would like to see more of a vision put together to show what could happen on these properties. The neighbors are not opposed to an alternative use to some of the properties fronting on Fort Union Blvd., but do not believe the applicant has done his homework. He stated that he is uncomfortable trusting the applicant to take this through to the point of completion and would like to see more thought and preparation put into the property so that it is tastefully designed and adds to the community value.

City Attorney Shane Topham explained that the General Plan is the initial step in a development approval, followed by a rezone and a conditional use approval. The decision before the City Council is a general decision, and the applicant cannot be held to

the information that has been given. They would be entitled to apply for re-zoning under the amended general plan regardless of whether they followed initial representations or not. Of course, the Council has discretion on granting any such ultimate re-zoning.

Mayor Cullimore agreed with Mr. James that ultimately, along Fort Union Blvd., residential use is probably incompatible with the traffic. There are six different properties, owned by different people, with no clear development plan. That raises concerns for approving a General Plan amendment.

3.1.4 Staff recommended denial of the proposed General Plan.

3.1.5 Mayor Cullimore closed the public hearing. A decision could be made at the next business meeting.

4.0 **REPORTS/PRESENTATIONS**

4.1 **Unified Fire Report**

4.1.1 Chief Watson reviewed the statistics for the month of April 2008. Medical calls were up by 27 from the previous year and fire calls were up by 9. Chief Watson reminded the residents that school will be out and motorists should keep an eye out for children walking and on bicycles. He noted that the creeks and rivers are still running quite high, and children should be watched carefully.

4.1.2 Chief Watson reviewed the customer service message for Stations 110 and 116.

4.2 **Public Works Report**

4.2.1 Deputy City Manager presented the monthly public works report. He noted that the slurry seal will begin in June as well as the work on 25 ADA ramps. The Fort Union pavement project will take three to four weeks to complete and businesses will be noticed prior to the work beginning in July or August.

The crosswalk at 1700 East is complete and functioning; Reindeer Drive Storm Drain project is proceeding and should begin in the next several weeks. Lighting projects at Park Centre Drive and the Highland/Bengal triangle are under review.

Salt Lake City Public Utilities has finished capping and plugging the box on Fort Union which they are convinced is causing much of the residual flooding on Dawn Drive.

A copy of the Public Works report is available to the public.

Chief Russo presented the Mayor and Council with police ID badges.
