## A City in Motion. Exciting things are transpiring in Cottonwood Heights

By Council Member Tali Bruce

Often, I hear people state they "don't know what's happening" in our city. Right now, is an exciting time here

recreation) and a one-acre park owned by the city which will eventually host a local farmers market.

### Town Center

Our City Council recently directed city staff to create a Community Reinvestment Area Agency (CRA) for the area near Fort Union and 2300 East, to develop a Town Center. This will be a gathering place that is designed with pedestrians in mind. As a Council, we want to it to be inviting for residents and guests to our city, and to show the tremendous character and natural beauty of Cottonwood Heights. Utilizing Community Reinvestment Area funding and vision, the Council and city will be able to guide redevelopment of the area to achieve the look and feel that will make us all proud.

### Gravel Pit

The 'gravel pit' is the familiar quarry located

in Cottonwood Heights.

There are many new and intriguing projects in various stages across town, from key business centers to citizen involvement.

Here's a summary of just some of the newest developments:

### Canyon Centre

One of our keystone expansions, the Canyon Centre, located just south of the corner of

Canyon Centre

Fort Union Boulevard and Wasatch Boulevard (previously the Canyon Racquet Club), is under construction right now. When complete, the development will be replete with residential units, multiple restaurants, a small retail space, hotel, an office building, a parking structure (with public parking targeted for canyon

\* Incumbent

## "A City In Motion", continued from cover

just north of the mouth of Big Cottonwood Canyon. It has long been used to extract gravel, however private builders have been in discussions to develop the property along the north end. On July 15, 2019, Rockworth Developers will host a public meeting at City Hall, regarding the 250-acre site, to gather public input, before submitting proposals for developing the northern portion of the pit. All are invited to attend that meeting, which begins at 6:30 p.m.

Once quarry activity ceases all together, the city will fill a crucial role in guiding the look and feel of new developments on the property. This area has the potential to be the crown jewel of Cottonwood Heights with amenities that enhance the lives of not only our citizens, but adjacent communities as well.

### Bengal Boulevard Roundabout

A roundabout has been approved for funding at the intersection on Bengal Boulevard and 2300 East (directly east of City Hall). In upcoming months, we will contract with a design engineer to shape the features of this road element, and future public meetings will allow for public input on the design.

### Other Projects

The city recently received a \$1.5 million

grant from Salt Lake County to begin planning the Bonneville Shoreline Trail through Cottonwood Heights.

We've just completed construction of a portion of the Big Cottonwood Canyon Trail at 3475 East that did not previously exist.

The city is working on various master plans that we hope to adopt in the coming months including: Wasatch Boulevard Master Plan; Parks, Trails, and an Open Space Master Plan.

It is a high priority to begin work on a comprehensive General Plan update. The city is in the process of seeking funding for this work and

hopes to begin this effort in the next eight to 12 months.

Note for all items above – once a formal application is made or a project is made official, it is available for public review.

These are some, but certainly not all, of the many incredible developments improving our city. We are striving to maintain the character we all value and it is an exciting time. As a Council we are very appreciative of the opportunity to be stewards of this amazing city. Thank you for your continued support and we look forward to taking these next steps together! ■

Cottonwood Heights ARTS COUNCIL

## July 2019 Featured Artist: Kendra Burton

Kendra Burton grew up in Pocatello, Idaho, and moved to Salt Lake City. She attended Brigham Young University and Idaho State University, and worked for seven years as an architectural draftsman. Her interest in fine art began when she saw the Masters' original works in Europe, New York and Washington, D.C.

Burton has worked with world renowned artists. She taught art on KUTV, and her work has been displayed at numerous locations including the historical Springville Museum of Art, Joseph Smith Memorial Building, Tabernacle Choir Broadcast, and History of the Saints TV show.

She earned the "People's Choice Award" at the Inspirational Art Association Show and at the Parliament of the World's Religions at the Salt Palace in Salt Lake City.

In addition to painting, Burton composes music and her song "The Homeland" was performed by the Wasatch Symphony.

Burton says the highlight of her artistic career is helping to paint murals for The Church of Jesus Christ of Latter-day Saints in 12 temples throughout the country. ■

# BUTLERVILLE DAYS

JULY 26-27, 2019

Butler Park, 7500 South 2700 East

# Mayor's Message

Butlerville Days is deeply rooted in our community and history. Since our first event in 2005, we have strived to keep the hometown feel by keeping our residents involved in planning. We are now in our 15th year and Butlerville Days has grown from a small celebration to the incredible two-day event it is now.

In 2005, I would have never dreamed this event would have become such an important part of our community traditions. The success of this event is a direct reflection of our Butlerville Days Committee. Whether it is watching the parade, admiring the vehicles at the antique classic car show, or just relaxing and watching the fireworks, Butlerville Days is a truly special event that celebrates

the best our community has to offer.

I can't wait to see you out there this year enjoying time with friends and loved ones,

- Mayor Mike Peterson

## Parade Grand Marshal

Butlerville Days Committee is proud to honor Carl Churchill as our 2019 Parade Grand Marshal.

Carl has been a resident for Cottonwood Heights for over 17 years. He and his wife Lori are the co-founders of Alpha Coffee.

Carl began his career in the U.S. Army. He served 21 years in uniform and retired as a Lieutenant Colonel. Carl is a combat veteran and served with Special Operations Command.

During his career he deployed numerous times to Central America, the Balkans, Asia, North Africa and the Middle East. He earned a Bronze Star in Desert Storm.

Among Carl's personal support activities for the community, he is a member of the Cottonwood Heights Business Association, as well as the city Military Affairs Committee. He also serves on the University of Utah Veteran's Day Committee. Alpha Coffee supports and sponsors multiple scholarship opportunities, and they regularly donate coffee to deployed troops across the globe. To date, they have donated more than 16,000 bags of coffee to troops deployed overseas and in excess of \$20,000 to military charities.

Thank you Carl - for both your service to our country and city.

## Butlerville Days Fireworks

10 p.m.

Come and see the best fireworks show in the valley, presented by Lantis Fireworks. It's the grand finale to our Butlerville Days celebration.

# Stay Safe with This Year's Fireworks Guidelines

By UFA Assistant Chief Mike Watson

With fireworks season here, we are publishing this information as a reference for the residents of Cottonwood Heights:

A larger restricted area around Danish Road in Cottonwood Heights has been implemented this year, due to feedback from residents in that area. The Fireworks Restricted Area map has been updated and submitted to Salt Lake County by Cottonwood Heights. This map will be available online and hard copies will be posted at the locations of fireworks vendors in the city. It is possible that more changes could be implemented, depending

on weather and fire conditions creating a hazardous environmental condition as the season progresses.

The fireworks restriction map can be found at [www.unifiedfire.org](http://www.unifiedfire.org)

## Sales of legal fireworks are allowed:

- Beginning on June 24 and ending on July 25.

## Discharge Dates:

- The day before, day of, and two days after July 4 and July 24.

## Hours of discharge:

- 11 a.m. to 11 p.m.
- July 4 and July 24 - discharge allowed until midnight.

## Penalties:

Persons guilty of an infraction (up to \$1,000 fine) if:

- Discharge of fireworks outside of legal dates.

- Discharge of fireworks in an area where fireworks are prohibited.

Generally, fireworks discharge is prohibited within 200 feet of waterways, trails, canyons, washes, ravines or similar areas such as designated wildland interface areas.

Please take the time to become familiar with the restricted areas within the city and the legal discharge dates. Additionally, let's all do our part to promote a safe fireworks season.

Thanks and as always, stay safe. ■

SUMMER 2019

## History Question of the Month

When was the name of Butlerville, officially changed to Cottonwood Heights?

Answer on page 16

# Why We Continue to Recycle

## Recycling is a Jobs Creator

Conservative estimated comparisons state that there are five to seven sustainability jobs to every one landfill job. Some estimates even go up to a 13 to one ratio. During the first quarter of 2019, an estimated 70 jobs have been created or sustained through recycling efforts.

## Recycling Saves Energy

When you chose to recycle your clean

materials, you save energy! Every can, bottle and scrap of paper tossed into the recycling bin equals power not being used to mine, harvest and extract raw resources. Through March of this year, residents of WFWRD have saved enough energy equivalent to lighting 830 homes.

## Recycling Prevents Pollution

Due to residents' efforts, over 44 million pounds of material has been recycled in 2018.

Manufacturing with recycled materials create less pollution when compared to using raw resources. That amount of pollution prevented via recycling is the same as not driving 58.5 million miles.

For more information and guides on recycling, please visit our website [WasatchFrontWaste.org](http://WasatchFrontWaste.org).

# Fireworks Disposal

The summer holidays are here, and fireworks and barbecues are common ways to celebrate. Wasatch Front Waste & Recycling District wants to remind all residents that fireworks and fire pit/barbecue ashes must be completely cooled before placing them in waste cans. Smoldering fireworks or embers will melt the can and create a larger fire hazard. ■

# Remove Your Cans from the Street after Collection

Salt Lake County Health Department Sanitation Regulations (Regulation #7, paragraph 4.3.2) state that "containers shall not be set out on the street prior to the evening of the day before the scheduled collection. All containers shall be removed from the street the same day they are emptied." Please keep your neighborhood streets clean by quickly removing your waste/recycle/green waste/glass collection cans from the street and public access ways after collection. ■

# Brighton High First in Utah to Earn 120 Team Sports Titles

*Photos courtesy of the Deseret News*

school in Utah has come close enough to breach the 100 mark. "120 championships in 50 years is unparalleled. There are schools just in this area that have been around for twice as long and they don't have half that many championships," says Principal Tom Sherwood.

What does it take to be the first to 120? Bragging rights for reaching that milestone belong to the boys soccer team, which clinched the 2019 5A championship with a crowd-pleasing play in overtime. But the path was paved over many years by many athletes in many sports.

Six of the Bengals' first 10 championships were in wrestling. Boys and girls tennis teams have won 29 titles, and the swim program has collected 47 state crowns, the most recent earned in 2019 by the boys. Overall, 14 different Bengal programs have tasted championship glory. Read more at [canyonsdistrict.org](http://canyonsdistrict.org).

"Stand Together" is the Bengal motto, and together the students at Brighton High have achieved a feat unmatched by any other high school in Utah: 120 team state championship titles.

It's an impressive number, especially considering that the school has only been around for 50 years. Only one other high

# Answer

**Question,** continued from page 13

At the meeting of the Salt Lake County Commission held on April 1, 1938, Harold D. Fife, presented a petition, signed by 50 property owners in the area known as Butlerville, requesting that the name of "Butlerville" be changed to "Cottonwood Heights." The matter was taken under advisement by the commission and referred to the chairman.

At the meeting of the County Commission held on Friday, May 13, 1938, the following resolution was submitted for the board's approval from the residents of Butlerville.

## RESOLUTION

"WHEREAS, the area in Salt Lake County lying west of the mouth of Big Cottonwood Canyon, commencing with and including the high ground south of the natural channel of Big Cottonwood Creek, in the area hereinafter more particularly described, has in the past, been called "Butlerville";and

WHEREAS, the greater part of the original settlers, and particularly the Butler family, for whom said district and locality was named, have moved from said locality and said name has lost its original significance and said locality is not definitely designated or widely known by said old name, and it is the desire of the present residents and owners of property

in said district to change said name to "Cottonwood Heights"; and,

WHEREAS said change would more definitely designate and naturally and distinctively name said locality and would add to the convenience, orderliness, certainty, and government of said locality and would facilitate the distribution of mail, patrolling by county motorcycle and radio cars, delivery and distribution of merchandise and add to the general convenience of the residents of said district and others;

IT IS, THEREFORE, HEREBY  
RESOLVED BY THE County

Commissioners Salt Lake County as follows:

That the area commencing with and including the high ground south of the channel of Big Cottonwood Creek, east of 23rd East Street and north of 80th South Street, Salt Lake County, Utah, be and the same is hereby designated and named "Cottonwood Heights," and such name will be used for all purposes of official designation on county maps and otherwise from the date of the passage of this resolution."

Two of the County Commissioners, J. B. Mullins and W. H. Anderson, voted "Aye" and the resolution was approved and signed May 13, 1938. ■
